

Rafaelle Lancelotta (she/they) MS, PhD, LPCC

habituatingtowholeness@gmail.com

Education

Doctor of Philosophy in Social Work

Emphasis: Social Support in Psychedelic Therapy Research

Completed August 2026

The Ohio State University, OH

Master of Science in Counseling - Emphasis: Mental Health Counseling

Completed in May of 2018

University of Wyoming, Laramie, WY

*CACREP Accredited Program

Bachelor of Arts - Honors in English - Creative Writing - Minor in Sociology

Completed in May of 2013

University of Central Florida, Orlando, FL

Licenses

National Certified Counselor – April 2022-Present

ID Number: 1099497

Licensed Professional Counselor Colorado – August 2020-Present

License number: LPC.0016464

Licensed Professional Clinical Counselor Ohio – June 2024-Present

License number: E.2404410

Trainings

Sovereign Medicine: An Advanced Mentorship Program in Energy Work, Ceremony and Liberatory Facilitation Centering Queer and Trans Communities –

Completed February 2nd - April 20th, 2026

Sovereign Ways, Syre Saniyah, PhD

Psychedelic Crisis Assessment and Intervention for Behavioral Health Professionals –

completed February 6th, 2026

Center for Psychedelic Drug Research and Education, Columbus, Ohio

Psilocybin-assisted psychotherapy: Background, Current Research, and Basic Skills –

co-facilitator July 14-17th, 2025

Center for Psychedelic Drug Research and Education, Columbus, Ohio

Psilocybin-assisted psychotherapy: Background, Current Research, and Basic Skills –

co-facilitator June 26-28th, 2024

Center for Psychedelic Drug Research and Education, Austin, Texas

Psilocybin-assisted psychotherapy: Background, Current Research, and Basic Skills –

co-facilitator March 4-6th, 2024

Center for Psychedelic Drug Research and Education, Columbus, Ohio

Psilocybin-assisted psychotherapy: Background, Current Research, and Basic Skills –
completed August 12th, 2022

Center for Psychedelic Drug Research and Education, Columbus, Ohio

Psilocybin-assisted psychotherapy: Background, Current Research, and Basic Skills –
co-facilitator September 4-6th, 2020
Salt Lake City, Utah

Integrative Harm Reduction Psychotherapy –
Completed March 2022
Center for Optimal Living, New York City

Innate Path Ketamine-Assisted Somatic Psychotherapy –
Completed August 2020
Innate Path, Broomfield, CO

Zendo Project Sitter Training –
Completed August 2018
Burning Man, Black Rock Desert, Nevada

Research Compliance and Certifications

Good Clinical Practice (GCP) – Social and Behavioral Focus
CITI Program
Issued July 2024 - Expires July 2027
Credential ID: 72860310

Good Clinical Practice (GCP) – U.S. FDA Focus
CITI Program
Issued March 2025 - Expires March 2028
Credential ID: 68480843

Human Subjects Protection (HSP) – Social and Behavioral
CITI Program
Issued July 2024 - Expires July 2027
Credential ID: 72860303

Responsible Conduct of Research (RCR) – Social and Behavioral
CITI Program
Issued July 2025 - Expires July 2029
Credential ID: 70823205

Special Skills

- Bilingual Heritage Speaker (English and Spanish)
- Training and experience in somatic-focused therapy
- Training and experience in trauma-informed therapy

- Extensive training and experience in psychedelic-assisted therapy

Clinical Experience

Research Program Developer – Developing a Psychedelic Research Program for Canadian Veterans and First Responders, LVV, September 2026-Present

Study Facilitator/Research Assistant – Phase II Psilocybin-Assisted Therapy for Non-Small Cell Lung Cancer with Major Depressive Disorder (Clinical Trial), September 2025-Present

- Conduct participant screening assessments to determine eligibility.
- Provide preparation and integration support for participants.
- Participate in weekly supervision calls.
- Serve as co-guide and therapist in psilocybin-assisted therapy sessions.
- Contribute to protocol development and research tasks as part of the trial team.

Clinician/Research Assistant – Psilocybin Therapy for Veterans with PTSD (Clinical Trial), October 2024-December 2025

- Conduct participant screening assessments to determine eligibility.
- Provide preparation and integration support for participants.
- Participate in weekly supervision calls.
- Serve as co-guide and therapist in psilocybin-assisted therapy sessions.
- Contribute to protocol development and research tasks as part of the trial team.

Therapist, Private Practice – Habituating to Wholeness (Owner and Operator), July 2020-present

- Trauma-informed somatic and person-centered mental health counseling.
- Clinically-informed psychedelic therapy preparation and integration support.
- Cannabis- and Ketamine-assisted somatic-focused therapy sessions.
- Support clients in integration using person-centered, trauma-informed processing, drawing on IFS models to conceptualize the client's process.
- Work with clients experiencing C-PTSD, PTSD, depression, anxiety, and stress-related disorders, ADHD, as well as substance use disorders (primarily alcohol, cannabis), self-harm, and eating disorders.
- Support clinicians in case conceptualization and assessing training needs.
- Pro bono meetings with students to discuss career trajectories.

Therapist at Innate Path Clinic, May 2018-July 2020

Lakewood, CO

- Cannabis and Ketamine in somatic-focused therapy sessions.
- Facilitate support groups for clients which included psychoeducation, relational modeling, and open space for clients to share and relate with others their process.
- Support clients in talk sessions for integration using person-centered, trauma-informed processing and drawing upon IFS models to conceptualize the client's process.
- Work with clients with C-PTSD, PTSD, depression, anxiety, stress-related disorders, as well as clients with substance use disorders (primarily alcohol, cannabis), self-harm, and eating disorders.
- Assist with the Innate Path therapist training program to train new therapists in the Innate Path model (a somatic-focused approach to processing and resolving trauma).

Internship at Behavioral Health Services, September 2017-May 2018

Ivinson Memorial Hospital, Laramie, WY

- Participate in treatment team meetings to interview patients with a mental health team which included a psychiatrist, a licensed therapist, and nursing staff.

- Facilitate psychoeducation groups regarding emotional regulation, distress tolerance, and conflict resolution to give patients tools they could use when they discharged.
- Work with a wide range of clinical presentations including patients with borderline personality disorder, schizotypal disorders, various psychoses, substance abuse (primarily alcohol, amphetamines, opiates), bipolar disorder, major depressive disorder, adjustment disorder, and anxiety disorders.

Counselor In Training Practicum, May 2016-May 2017

University of Wyoming Laramie, Wyoming

- Administer unstructured diagnostic interviews to evaluate the presence of psychiatric symptoms and determine whether clients met criteria for any specific disorder as defined by the DSM-5 (e.g., PTSD, depression, anxiety, substance use disorder).
- Follow diagnostic evaluation and provide client-centered counseling to address a range of problems associated with relationships, trauma, and problematic substance use.
- Provide consultation with peers in a structured setting.

Graduate Residence Coordinator, May 2016-May 2017

University of Wyoming, Laramie, Wyoming

- Maintain front desk operations.
- Advise and supervise students of differing backgrounds including LGBTQ, Latino, low SES, ability, first generation, and race/ethnicity.
- Fulfill on-call duties which include responding to Students of Concern who are at risk to themselves and/or others.
 - Administer suicide risk assessments (thoughts, means, plan)
- Supervise and train Resident Assistants to work effectively with the student population.

Special Education Paraprofessional, Oct 2015-Jun 2016

Jackson Hole High School, Wyoming

- Provide translation services to Spanish-speaking parents in IEP meetings.
- Implement and enforce behavior treatment plans as developed by the school psychologist to ensure positive developmental growth and socialization.
- Participate in IEP meetings in order to ensure effective treatment plans in helping students socially integrate into the community.

Wilderness Field Staff Instructor, May 2013-Sep 2014

Second Nature Entrada, Saint George, Utah

- Coordinate client progress with other Field Staff Instructors and client therapist every week.
- Develop client interventions under the guidance and approval of licensed mental health professionals to help clients explore new avenues of growth.
- Provide a peer mentor relationship with all members of the group to model healthy relationships.
- Work with a diverse population, including those experiencing PTSD, sexual trauma, eating disorders, substance use disorders, bipolar disorder, ADHD, anxiety, depression, and mood instability.

Professional Service and Engagement

Administrator of 5meodmt.org, May 2017-Present

- Design and host an online forum dedicated to 5-MeO-DMT harm reduction
- Provide peer support and guidance for forum members
- Foster mentorship, leadership, and self-sufficiency as an online community

Board Member of Source Research Foundation, January 2018-April 2026

- Serve as Secretary

- Record minutes for all board meetings
- Serve as a member of the Student Grants Review Committee
 - Review and rate student grants
 - Vote for final grant awardees
- Serve as a member of the Community Grants Review Committee
 - Review and rate student grants
 - Vote for final grant awardees
- Serve as co-lead for the Travel Grants Program
 - Organize grant application process
 - Vote for final grant awardees

Psychedemia Conference, January 2022-October 2024

- Organizing and Planning Committee Member
- Presenter Application design
- Application review
- Organizing Academic Advisory Committee
- Volunteer Application design
- Volunteer Administration
- Art and music curation planning

Research Experience

Researcher, Author 2016-Present

- Project: Characterization of Mystical Experiences Occasioned by 5-MeO-DMT-Containing Toad Bufotoxin and Comparison with Prior Psilocybin Studies
 - Supervisor: Joseph Barsuglia, PhD.
 - Duties:
 - Data preparation, coding, and storage
 - Assist with data analyses
 - Assist with manuscript editing and presentation development
- Project: International survey of the epidemiology of 5-MeO-DMT use
 - Supervisor: Alan K Davis, PhD.
 - Duties:
 - Assist with survey development and design
 - Assist with creation and management of web-based survey
 - Assist with recruitment, participant contact, and data collection
 - Assist with data analyses
 - Assist with manuscript editing and presentation development
- Project: Examination of the phenomenology of 5-MeO-DMT use in a naturalistic setting in the United States
 - Supervisor: Alan K Davis, PhD.
 - Duties:
 - Assist with survey development and design
 - Assist with creation and management of web-based survey
 - Assist with recruitment, participant contact, and data collection
 - Assist with data analyses
 - Assist with manuscript editing and presentation development
- Project: Examination of biomarkers associated with synthetic 5-MeO-DMT use in a naturalistic setting
 - PI: Malin Uthaug, PhD.
 - Duties:
 - Assist with data collection
 - Assist with psychometric battery and survey design

- Assist with manuscript writing and editing
- Project: The epidemiology of mescaline use: Pattern of use, motivations for consumption, and perceived consequences, benefits, and acute and enduring subjective effects
 - PI: Malin Uthaug, PhD.
 - Duties:
 - Assist with data collection
 - Assist with survey design and translation to Spanish
 - Assist with manuscript writing and editing
- Project: Translation and validation of acute psychedelic experience measures into Spanish
 - PI: Alan K. Davis, PhD.
 - Duties:
 - Literature review
 - Author introduction
 - Translation assistance and validation
 - Assist in analyses discussions
 - Conduct secondary analysis
- Project: Exploring gender identity and sexual identity among LGBTQIA+ people who use psychedelics in non-clinical settings
 - PI: Alan K. Davis, PhD and Rafaelle Lancelotta
 - Duties:
 - Co-Primary Investigator
 - Literature review
 - Survey design which included: novel item design; selecting measures to be used and verifying validity; survey structure; building survey in Qualtrics; using community-based participation to improve relevance
 - Coordinate a clinically and culturally diverse research team and integrating feedback on project design
 - Develop and deploy recruitment strategy
 - Methodological conceptualization
 - Data cleaning
 - Data analysis
 - Manuscript preparation
- Project: Examining the Safety and Clinical Efficacy of Psilocybin Therapy for Veterans with PTSD: An Open-Label Proof-of-Concept Trial
 - PI: Alan K. Davis, PhD and Stacey Armstrong, PhD.
 - Duties:
 - Contribute to protocol development
 - Contribute to measure selection
 - Analytical strategy
 - Design music playlist
 - Lead playlist validation process
 - Manuscript writing
 - Clinical tasks: participant screening; co-guide for participant sessions; co therapist and therapist for prep and integration sessions
- Project: Psilocybin and Therapeutic Alliance in Depression
 - PI: Alan K. Davis, PhD and Stacey Armstrong, PhD.
 - Duties:
 - Contribute to project conceptualization
 - Contribute to manuscript writing

Published Journal Articles

- Davis, A.K., Barsuglia, J. P., Lancelotta, R., Grant, R., & Renn, E. (March 2018) The epidemiology of 5-methoxy-N,N-dimethyltryptamine (5-MeO-DMT) use: Benefits, consequences, patterns of use, subjective effects, and reasons for consumption. *Journal of Psychopharmacology*.
- Davis, A.K., So, S., Lancelotta, R., Barsuglia, J., Griffiths, R. (October 2018) 5-methoxy-N,N-dimethyltryptamine (5-MeO-DMT) used in a naturalistic group setting is associated with unintended improvements in depression and anxiety. *The American Journal of Drug and Alcohol Abuse*.
- Barsuglia, J., Davis, A. K., Palmer, R., Lancelotta, R., Windham-Herman, A., Peterson, K., Polanco, M., Grant, M., Griffiths, R. (November 2018) Intensity of Mystical Experiences Occasioned by 5-MeO-DMT and Comparison With a Prior Psilocybin Study. *Frontiers in Psychology*.
- Uthaug, M., Lancelotta, R., Oorsouw, K., Kuypers, K., Mason, N. L., Rak, J., Sulakova, A., Jurok, R., Maryška, M., Kuchar, M., Páleníček, T., Riba, J., Ramaekers, J. M. (April 2019) A single inhalation of vapor from dried toad secretion containing 5-methoxy-N,N-dimethyltryptamine (5-MeO-DMT) in a naturalistic setting is related to sustained enhancement of satisfaction with life, mindfulness-related capacities, and a decrement of psychopathological symptoms. *Psychopharmacology*.
